

A11b Forgive Your Brother, Matthew 5:17-37, Sixth Sunday in Ordinary Time

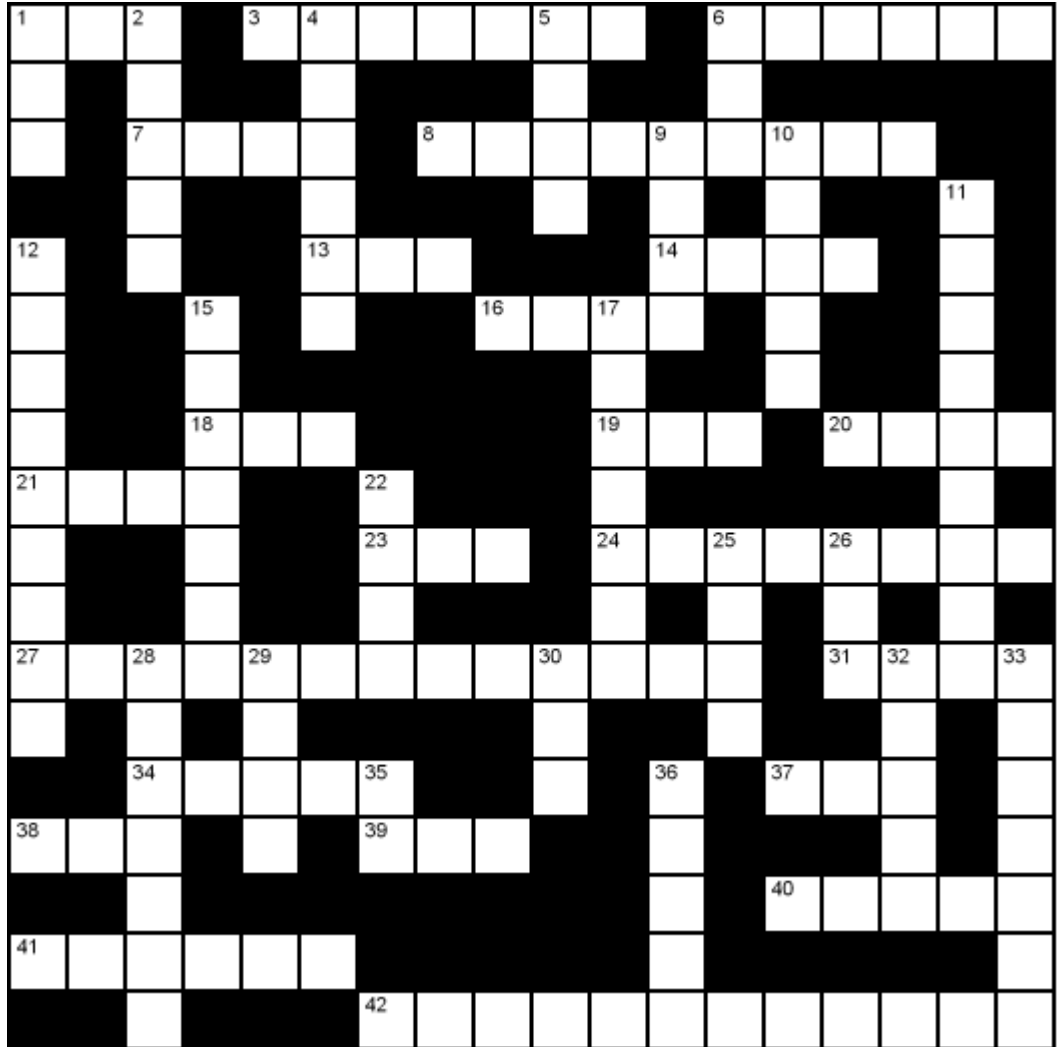

When you are angry with your brother, Jesus says go and make things right between you. Forgive your brother before presenting yourself at God's altar. Forgive your brother first and ask for his forgiveness, too. Forgiveness is a gift that God treasures. It may require that you give back something you have taken. It may mean that you are not correct. No one is perfect. Everyone makes mistakes. No one knows everything. Even when you try your best, you are human and you will make mistakes in action and thinking. God forgives you. Forgive your brother and yourself. You will feel great afterwards.
