

A13 Jesus Becomes Dazzling White, Matthew 17:1-9

Second Sunday in Lent

James and John were looking at Jesus. Then his face started shining like the sun. Light rays were coming from his whole body. His clothes became dazzling white. When God forgives your sins, your soul becomes dazzling white, too. Your face lights up each time you share with your brothers and sisters. Your light shines when you help strangers on the street. Your light shines when you keep your room neat and orderly. God is smiling because you try your best to please him. God is very proud of you.
