

A16 Lazarus, Come Out, John 11:1-7, 17-45, Fifth Sunday in Lent

Today Jesus listens to our prayers. He uses paramedics to restart a patient's heart. He uses doctors to clear the throat and lungs so that a patient can breathe again. In this way, Jesus is still healing people like he did Lazarus. This is Jesus saying to a loved one, "Come out of your tomb of death. Come back to the earthly world and live a little longer with those who love you. I will take you to my heavenly kingdom later."

Across

1. savior of mankind
