

A30 Even the Hairs on Your Head Are Counted, Matthew 10:26-33, Twelfth Sunday in Ordinary Time

Stand in front of your mirror. Try counting the hairs on your head. You might have as many as 240,000 hairs on your head! Wow! That is a lot of hair to count. God keeps track of everything that goes on with you. He knows how many times your heart beats every day. He knows how many times you breathe in oxygen every day. With the help of Jesus, you can learn to read better. You can fix things. You can clean up your yard. Jesus will help you get along better with your friends. He will remind you to floss your teeth. He will take good care of you. Jesus loves you very much. You are his pride and joy!
