

A51 Ten Talents, Matthew 25:14-30, Thirty-Third Sunday in Ordinary Time

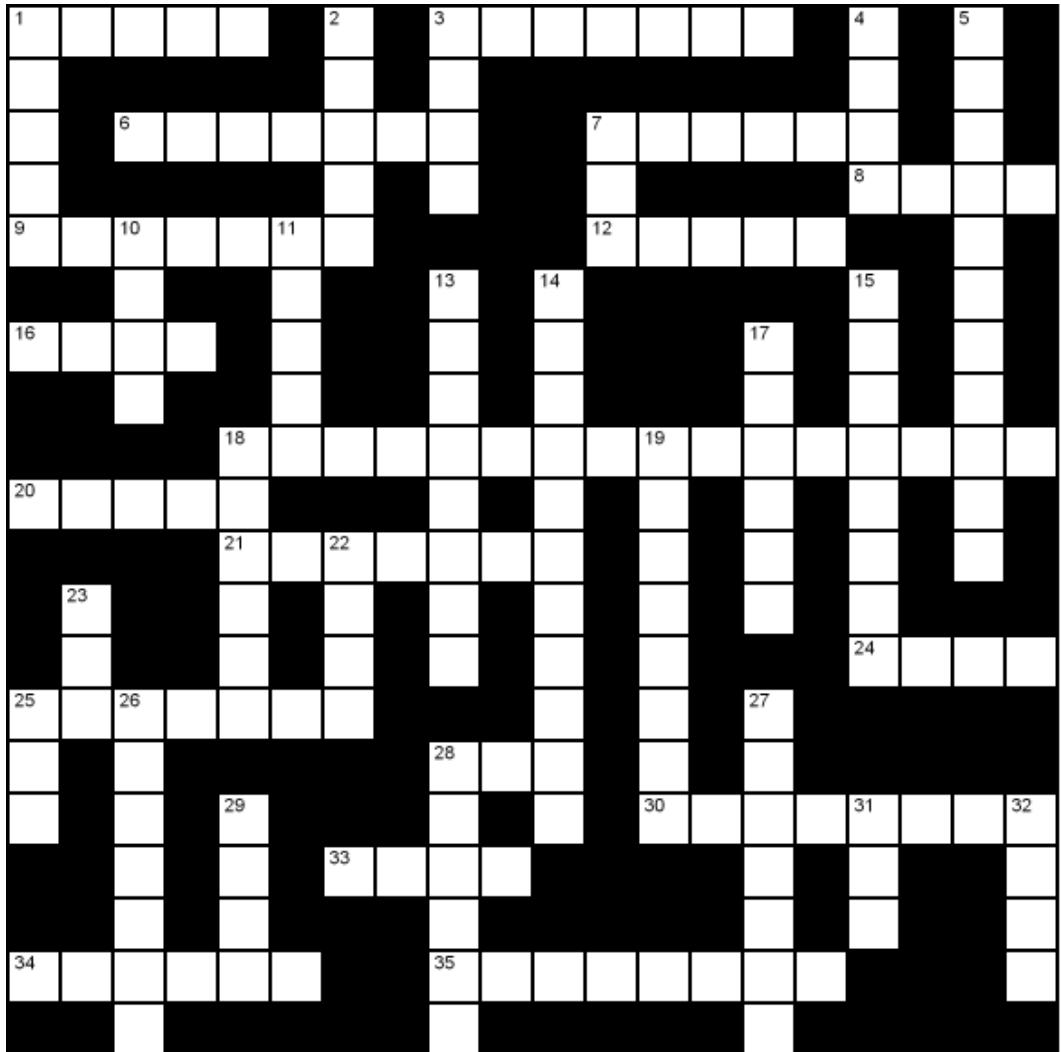

God has given you many talents. This could be money, skills, property, or food. It could be dance, laughter, art, music, or farming. He wants you to use the gifts he gives you. Each time you use them, you will improve. Each time you get really good with one talent, he will reward you by giving you another. He will keep multiplying your gifts when you use them and share them with others.
