

B12 Curing a Leper, Mark 1:40-45, Sixth Sunday in Ordinary Time

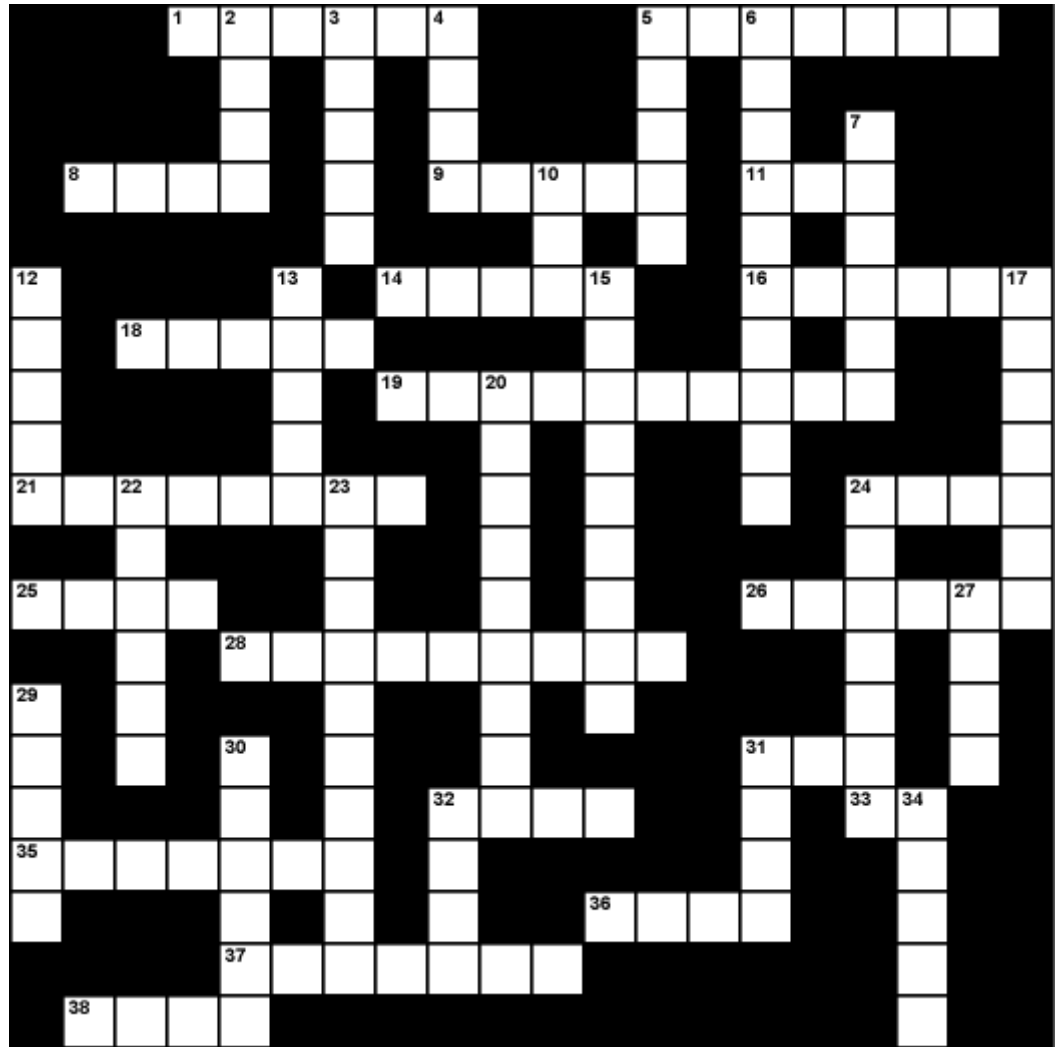

Each morning thank God for your skin. Take care of it. Lepers had sores all over their bodies. They were oozing infection. Many of us have oozing sores, but they are not out where people can see them. We are hurting from where someone hurt us. We are hurting where we have made mistakes. Ask God to clean you body and soul. He will take away the hurting sores from inside you and outside of you. He is the “curer of all hurts.” He will stop the pain. He will bring peace and healing to you.
