

B22 Is Jesus Alive or a Ghost? Luke 24:35-48, Third Sunday of Easter

The Apostles had seen Jesus being put in the tomb. When they saw Jesus after he had arisen from the dead, they wondered. "Is Jesus alive or is he a ghost?" He was indeed alive. He had skin and bones. Jesus ate fish with them. He told them to go and preach forgiveness to all the nations beginning in Jerusalem. They told people. Those people told other people how Christ died on the cross for the forgiveness of sins. Today there are more than a billion people who believe in his forgiveness and love. Spread his word. The best way to spread his word is by loving God above all things and loving your neighbor as yourself.

Across

1. part of body that pumps blood
