

**B27a Rivers of Living Water Are Flowing, John 7:37-39,
Vigil of the Feast of the Pentecost**

When you believe in Jesus Christ, you have rivers of living water flowing within you. You will never thirst. The Holy Spirit keeps them flowing through your body. You will have an abundance of wisdom, knowledge, understanding, right judgment, courage, reverence and wonder-filled awe of God. These gifts of the Holy Spirit keep you from falling into traps of evil. They help you love God above everything. They help you love your neighbor as you love yourself. Knowing God is always within you and is always there for you will fill you with peace.
