

B29b Sins Are Forgiven, John 20:19-23, Feast of the Sacred Heart

Jesus gave his Apostles the ability to forgive sins. He sent the Holy Spirit to stay with the Apostles because he was leaving them to go to heaven. The Holy Spirit shows you what you have done wrong. You are forgiven through the power of the Holy Spirit and the death of Jesus Christ. Be thankful for the mercy God gives you. Share his mercy and forgive those who have hurt you. When you make something for a friend, make something for the poor. When you buy something new for yourself, buy something new for the poor. When you find something that gives you joy, share it with someone who is sad. When you share what you have with others, God is pleased with you.
