

B41 Jesus Heals the Deaf and Mute, Mark 7:31-37, Twenty-Third Sunday in Ordinary Time

When people cannot hear, it is difficult for them to speak clearly. Jesus healed a man who could not hear. He could not speak clearly either. Jesus opened this man's ears so he could hear. He fixed it so he could speak clearly, too. If you have trouble hearing what God wants you to do, ask Jesus to help you. He can open your ears to hear his word. He can fix your mouth and tongue so that you speak only words that are pleasing to God. Read your favorite scripture out loud. Sing a joyful song to the Lord. Thank him for all the healing he has done.
