The next time you go to church, look at the building. God's church is not just build of sticks, stones, or bricks. God's church is built of people. Treat the people in your church with respect. When you meet a church member, look him/her in the eye. Jesus says what you do for the least of these, you do unto him. Try to make everyone you meet feel valued. Pray for those who seem sad, sick, or angry. Church is not a building, but people who believe in God with his goodness and mercy. Our whole world is God's church.
