If you have two of anything, share it with others. When you share with others, God gives you 3 to 10 times as much as you had before. What you have multiplies like the five loaves of bread and the two fish the young boy shared. Jesus fed 5000 people and still had 12 baskets left over. When you think there is not enough, share what you have with others. God will send you more than you need. Just believe in him and ask him for it.
